TO WHOM IT MAY CONCERN:

I am an executive level creative leader with more than 20 years of experience in both in-house creative departments and agencies working with some of the greatest brands in the world.

I founded the creative agency, Riser, in 2002. Over 13 years I led Riser to a 31% average annual profit margin. Riser was a nationally recognized agency creating high-profile work for clients including Disney, Google, ABC, Fox, Warner Bros., NBC, TV Guide and numerous other notable companies. Producing topflight work with exceptional customer service, Riser grew significantly including annual revenue increases of 94% in 2006, 33% in 2008, 36% in 2011 and 117% in 2012. Our three year growth rate of 235% in 2013 resulted in a ranking on Inc. 5000 (#1657). Riser's work quality and successful business practices yielded some of the most coveted awards in the industry including Webbys, FWA, Awwwards, AIGA and Addys. Riser is also one of Utah's most decorated Best of State award winners with 16 medals and one Best of State Statue.

In 2015, I sold Riser to a competing Utah marketing agency named Eli Kirk where I became one of four partners at the agency and its Chief Creative Officer. Following the acquisition I orchestrated a rebrand of the agency as EKR. With our new brand in place and following a revised strategic direction for the company, EKR realized 42% annual revenue growth in our first year as a combined agency and our 70% three year growth resulted in a listing on the Inc. 5000 in 2017 (#4018) and 2018 (#4769). In collaboration with the other partners, we successfully migrated Riser's clients and acquired new notable clients including Google, National Geographic, ABC, Intel and Netflix.

In addition to my robust experience managing creative and marketing teams, I am the author of the book, *Burn Your Portfolio: Stuff they don't teach you in design school, but should*. Since its publication in 2013, *Burn Your Portfolio* has been one of the top selling books in the industry and has been published in English, Russian, Chinese Traditional and Chinese Simplified. *Burn Your Portfolio's* success has resulted in opportunities to be a keynote speaker at AIGA, Advertising Federation and University events across the nation. In addition to these events I was a keynote speaker at HOW Design Live in Atlanta in 2016 and Boston in 2018, the headline speaker at the 2018 Behance Portfolio Review in Moscow and a keynote speaker at a national event for Mercedes-Benz.

Since 2007, I have served as an advisor to several agencies helping them position themselves in their market, develop business systems and navigate growth. Additionally, I spent five years on the advisory board of Stevens-Henagar College and four years on the advisory board of the Art Institute of Salt Lake City.

My work and business have been featured by Print Magazine, HOW Magazine, Utah Business Magazine and BusinessQ Magazine, where I donned the cover of the December 2012 issue highlighting their article for “Utah’s Coolest Entrepreneurs.”

On a personal note, I live in Utah with my wife and three sons. We are “beach people” and regularly find ourselves laying in the sun at our favorite place on earth, Kauai’s north shore. During my early 20’s I lived in Colombia for two years and speak fluent Spanish. I play guitar and piano. I bench pressed 300 pounds on my 40th birthday. I’ve been to the top of Machu Picchu. I hold a first degree black-belt in karate and I have a multigenerational, genetic love for the Chicago Bears.

Thank you,

TESTIMONIALS

“From both a personal and professional perspective, Mike Janda is simply one of the best people I’ve worked with. His pride in his work is unparalleled, as is his flexibility and professionalism. As a vendor contracted by ABC.com, he’s guided his team through tight deadlines and shifting specs to produce top-flight work, creatively and technically strong. Mike is a go-to guy.”

— Larry Terenzi, Associate Director, ABC.com

“Michael Janda and his agency are a pleasure to work with. They deliver excellent work with zero complications- there’s no agency with a better work ethic and customer service attitude. 100% of their work has been done remotely, and we’ve never had any issues with communication or delivery...my go-to agency when I need something done well and done right– highly recommended.”

— Marc Siry, SVP, Media Product, NBC Universal

“Michael and his company Riser are not only super-creative, they are total professionals. Communication is a big reason why Michael and his team are so successful at what they do. They are good at not only listening to a client who is not a designer and is trying to convey the details of a project, but also on working with the client to get the job done well, on time, and also on budget.”

— Melissa Van Meter, VP, Marketing & Advertising, TV Guide Network
